TECH TALK - SAFETY SIGNAGE!

PRIORITISE SAFETY ON THE ROAD WITH THE RIGHT TRUCK SIGNAGE

Truck drivers carry a heavy responsibility - not only for the safe transport of goods but also for the well-being of themselves, others, and the cargo they carry. That's why proper truck safety signage is a must. From wide and oversized loads to general safety signage, clear and effective signs protect your products and can save lives.

TRUCK SAFETY SIGNAGE IS CRUCIAL FOR:

- **REDUCING ACCIDENTS:** Reflective stickers, compliance decals, and safety signs help minimize risk.
- **HIGHLIGHTING HAZARDS:** Warning signs keep everyone aware of potential dangers and direct them to safety.
- **PROVIDING KEY INFORMATION:** Load capacity and other important details ensure safer operations.
- **IMPROVING COMMUNICATION:** Clear signs enhance communication between workers, pedestrians, and visitors.

Invest in quality truck signage today - protect your team, your cargo and the public while maintaining a professional image on the road. Talk to the team today about your safety signage needs. Don't forget, we can source custom flipsigns with your company logo on them.

SEATING REPAIRS

protect your biggest asset

REPAIRS: You don't always need to replace your seat with a new one. We provide a complete seat repair service from minor trim and foam repairs to full refurbishments.

We only use genuine replacement parts and stand behind our workmanship offering a 12-month warranty.

Our experienced teams can repair your seat at one of our workshops in Hamilton, Auckland and Christchurch.

CONTACT OUR SEAT EXPERTS TODAY!
